Cumberland Township Police Department has always appreciated and accepted donations to make it a better place. These donations go towards non-budgeted items that help us protect the community or fund projects that enhance our operations. All Police Department donations received go towards projects that are supplemental and beneficial to acquire, however did not make the current operating budget.

This year the Township is proud to say that we are “speeding” towards a device that will help us measure just that. We are only \$1,925.00 short of acquiring a Trafcon Shield Speed Display Trailer. This will remind Drivers of the speed they are traveling but additionally provide detailed analytics that contribute towards the enforcement efforts to keep the speeds down and make it a safer Township for everyone.

*“I would like to thank those that make donations to help our Township to acquire items like this. The data and reports from this device provide another resource to keep our township safe.” – David Blocher Township Manager*

*“I cannot over emphasize the appreciation we have for the residents and businesses who have made donations to the Cumberland Township Police Department over the years. These donations fund the purchase of specialized equipment that allows our Officers to go above and beyond protecting our community.” – Chief Matthew S. Trostel*
