The Committee decided to meet every three weeks with the next meeting scheduled October 7, 3:00 P.M. at the Township offices.

The next meeting will be held Oct. 28, 2020; 3:00 P.M.; @ Cumberland Township. (every three weeks)

Both burial and composting are permitted disposal methods in PA, along with a couple other methods. I have attached a mortality disposal brochure that might answer a few of your questions. Unless there is an ongoing need for animal disposal, it wouldn't be required to be addressed in a manure management plan, but if they have animals, they need a manure management plan.
